Delivering Results Beyond the Surface

At SurfacePrep, we understand the importance of dependable and effective surface enhancement solutions.

That's why we leverage decades of expertise to provide customized process improvements, technical support, and tailored products designed to enhance your performance and efficiency. By partnering with trusted manufacturers, we ensure you receive only the highest quality solutions to meet your unique challenges. Our dedicated team is here to help you improve your process, enhance quality, and deliver on time with every project.

Our Solutions

Equipment & Process Solutions

We provide equipment for Air Blasting, Wheel Blasting, Vibratory Finishing, Grinding, Buffing, Polishing, and Paint/Powder Coating. Additionally, we offer customized process development to optimize efficiency and quality.

Consumables & Spares

We supply a comprehensive range of equipment spares, abrasives, media, and specialty materials to support various surface enhancement applications.

Service & Support

We offer installation, training, maintenance, and repairs to help maximize equipment performance and longevity.

Production Services

We offer in-house contract finishing services, allowing customers to outsource surface preparation and finishing processes without needing their own equipment.

Our Locations

We have over 60 facilities across the U.S., Canada and Europe, all of which are focused on enhancing product quality, consistency, productivity, and profitability for our customers. These top facilities, united under the SurfacePrep banner, provide consistent excellence and attention to detail.
